APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the point of diversion, place and manner of use of the waters of an underground source as heretofore granted under Permit 39858, Certificate 10874, is issued subject to the terms and conditions imposed in said Permit 39858, Certificate 10874, and with the understanding that no other rights on the source will be affected by the change proposed herein.
